HOW DOES YOUR GARDEN GROW?

The Brazos Valley has problem soil and scorching summers. Knowing what to plant, when to plant, and where to plant means all the difference between a vibrant landscape and a moonscape of dead and dying vegetation.

At Heirloom Gardens, we'll help you get from limp to lush. We know gardening; more important, we know *local* gardening. We employ more Texas Certified and Texas Master Certified Nursery Professionals than any other garden center in Brazos County. Our plants, fertilizers, soils, gardening products, and pond supplies are chosen for their excellence in local growing conditions. Think of us as the best tool in your shed – we make your gardening easy.

OUR SERVICES

- Landscape design and installation: Complete landscaping, water gardens, brick and stone work, and wrought iron and wooden fences
- Landscape and lawn maintenance: Fertilizing, cleaning, and pest and fungus control; tree trimming and removal. Organic lawn and flower bed maintenance available
- Water garden clarification and maintenance
- Sod removal, bed and soil preparation, and garden tilling
- TAMU soil analysis: Drop off point; interpretation of results
- Plant disease and pest diagnosis with recommendations for controls and cures
- On staff floral design
- Gift and plant delivery to local hospitals, homes, and offices

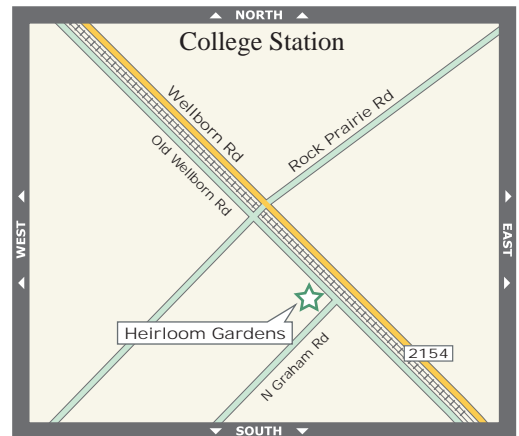

FINANCING AVAILABLE

With our low-cost financing, there's no reason you can't have the landscaping features you really want, including automated irrigation systems. Drop by our store to pick up an application. While you're at it, make an appointment with our landscape designer to review any landscaping, water garden, or yard work you'd like done. We offer **FREE** landscape design consultations.

We're so confident in the quality and value of our plants that we extend a one-year survival guarantee* from purchase date for trees and shrubs planted by our landscape design and maintenance team.

Heirloom Gardens & Interior Decor is a full-line, Aggie owned and operated garden, home decor, and gift center. Find out more about us on our web site: www.heirloomgardenexperts.com.
